VOLUME 13.

VERNON, WILBARGER COUNTY, TEXAS, FRIDAY, SEPT. 30, 1921

NUMBER 75

COUNTY POULTRY RAISERS TO FORM AN ASSOCIATION

Meeting Will Be Conducted Wednesday Afternoon at 2 O'Clock and Election of Officers Held—Purpose of Organization To Stimulate Competition and Raise Standard of Chickens.

Local poultry fanciers, considering the time most opportune for their purpose, and realizing the need for concerted efforts from those raising chickens in the county, have set next Wednesday, October 5, as the date for organizing a Wilbarger Poultry Association. A meeting will be held at 2 p. m. at the court house, and officers elected for the ensuing year.

This move is instituted through the ever increasing interest in poultry manifested in this county, and it is estimated by many that the chicken industry in Wilbarger can be made incalculably more profitably. Advertising through the news columns of the Record alone is thought to have reached into the thousands of dollars. The success of local fanciers along these lines has been outlined from time to time.

Will Conduct Show.

One purpose of the poultry association will be to conduct a show here during the coming winter. This method of exhibition is considered one of the best means to stimulate interest in the industry.

A considerable number of county growers raise poultry of unusual quality, and many have won high awards at various fairs conducted over the state. All varieties of chickens are raised in Wilbarger, and conditions here appear admirably suited for the industry.

Emory Rhoads, a vice-president of the Farmers State Bank, and who raises White Leghorns, has won first, second, and third premiums at the Dallas Fair. Mr. Rhoads' efforts along that line are more to suit a fancy than to make a paying industry of the business, but his poultry is of exceptionally fine quality, and he himself believes, "There's not a finer flock of White Leghorns in the Southwest."

Obviate Borrowing

Mr. Rhoads cannot say enough concerning the profit in poultry raising. Those farmers owning good flocks, he says, are seldom applicants at the bank for loans, and the banker is of the opinion that there is no line on the farm that costs as little and yet yields such excellent returns.

Mr. Rhoads quotes numerous examples from other sections as illustrations of what the poultry industry has meant. Bowie county affords an excellent criterion to judge by. Thousands of dollars have been brought in through the raising of chickens alone. Plainview country affords another instance of a successful poultry industry.

Breeds Fine Chickens.

Adam Donges, Vernon grocer, is enthusiastic over the formation of a poultry association. Such a move, he says, would encourage competition and thus raise the standard of local poultry. Mr. Donges raised Buff Orpingtons and is considered one of the leading fanciers in this section. His chickens have taken prizes at numerous fairs, and he has never shipped a pen or individual that he has not received a complimentary letter in return. He will exhibit at the Dallas Fair this year. Another Wilbarger county breeder of fine Buff Orpingtons is Henry Richle, living northwest of town.

"It can't be done in one day," is the comment of Mr. Donges, "this matter of raising the standard of our chickens. It requires a small outlay of money and yet yields great returns. I believe the farmers can easily make enough out of chickens to pay all expenses of traveling back and forth to town on various missions during the year."

"I am in favor of interesting the women and young people. They are inclined to take a more active interest in the matter. Chicken raising does not take much time and if a record book is kept I'll wager that it will show that the industry is one of the best paying propositions on the farm."

Many Fine Breeders.

Some of the best breeders in the county and the variety of chickens they raise are the following: S. D. Lawless, Oklaunion, Rhode Island Reds; T. A. Berry of Vernon, Rhode Island Reds; Jess Collins of Vernon, Rhode Island Reds; T. H. Chaney of

AMERICANS RELEASED FROM RUSSIAN SOVIET PRISON.

This is the first picture of the Americans whose release from prison the Soviet Government had to make before Hoover would consent even to talk famine relief. The picture was taken in Reval upon their arrival from Soviet territory. The men released are: John Flick, X. Kalamatino, Henry J. La Maro and W. B. Estes. They were taken in charge by the Red Cross immediately upon their arrival in Reval.

TEAM ON EDGE FOR TOMORROW'S GAME

FOOTBALL CONTEST WITH PADUCAH TO START AT FAIR-GROUNDS AT 4 O'CLOCK.

Vernon's football team is in excellent condition for its contest with Paducah tomorrow, according to Coach Morrow and some hard scrimmage has been engaged in during the past week. The game will start at the fairgrounds tomorrow afternoon at 4 o'clock, and admission will be fifty cents.

Larimore will be started at right half tomorrow afternoon, and this is the only change that will be made in the lineup. Smith, who suffered a wrenched ankle at Wichita Falls last Saturday, is still out of the playing.

The lineup for tomorrow will be as follows: Ferguson, L. E.; Thompson, L. T.; McCombs, L. G.; Blackwood, C.; Reed, R. G.; Collier, R. T.; Collier, R. E.; Bramblett, C. B.; Small, L. H.; Larimore, R. H.; Parr, F. B.

Tolbert, Rhode Island Reds, Frank Turley of Vernon route 4, Rhode Island Reds; D. W. May, Tolbert Rhode Island Reds; Walter Cagle, Vernon route 4, Rhode Island Reds; O. E. Sherman, Oklaunion, Rhode Island Reds; Adam Donges, Vernon, Buff Orpingtons; C. E. Doans, Black Langshans; J. P. Clements, Oklaunion, White Leghorns; Emory Rhoads, Vernon, White Leghorns.

S. D. Lawless of Oklaunion is conceded to have probably the best flock of Rhode Island Reds in the county, and has made the chicken business an industry on his farm. About 400 chickens are in his flock and he will exhibit his best ones at the Dallas Fair this year. Others of those named above, and still more unmentioned, have exceptionally fine poultry, and will also exhibit at the fair this year.

Encourages Fine Poultry.

J. S. Swartwood, Vernon hardware dealer, is entitled to considerable more credit for encouraging the poultry raising industry in this county. Mr. Swartwood, about six years ago, kept careful tab on those in the state who had good chickens for sale, and from time to time made purchases of these fowls and put them on display in front of his store. They were sold to farmers over the county, and a foundation given for some good flocks. As evidence of the success of the project, Mr. Swartwood points to the fact that chickens are now being shipped out where formerly there were but few raised.

Jess Collins of Vernon is of the opinion that nothing stimulates the poultry industry like good shows. These the association intends to hold from time to time. He believes there will be a great amount of interest shown in the formation of a poultry association.

As concrete evidence of the extent to which the Wilbarger county poultry industry has grown is the statement of G. B. Zachry, manager of the

T. C. U. REJOICES AT GREEN'S RETURN

VERNON STUDENT EXPECTED TO ADD WORLD OF STRENGTH TO FOOTBALL LINE.

Football rooters at Texas Christian University are hiliarious over the return to school of Aubrey ("Judge") Green, Vernon student, who has already made a record in athletics in that institution. The local gridiron warrior was evidently unable to withstand the lure of the pigskin when he witnessed his former teammates come to Vernon two weeks ago and work out before their trip to Amarillo. Following is a comment on Green from Fort Worth, where T. C. U. is located.

"Football stock at T. C. U. took quite a jump this week. Judge Green star tackle on the victorious 'Frog' team of 1921 returned to school and donned the moleskins for one more season. Judge is a Vernon, Texas, boy, was captain of the track team for 1921, and is one of the most popular men who ever attended the Christian institution."

"When the third of the pigskin was heard for the first time on 'Horned Frog' grid, and Judge was not there every one was sorely disappointed, for a better tackle never hit the old T. C. U. He was sorely missed in the stalwart line and the coaches were unable to replace him satisfactorily. With one of the hardest games of the season looming in view for Saturday of this week when T. C. U. meets the Simmons College 'Cowboys' at Abilene at the West Texas Fair, the return of Judge looks like a 'million dollars' to the T. C. U. coaches. Judge has been hard at work all summer and with hard training this week should be able to make the 'Cowboys' like it when they try his side of the line."

White Produce Co. here, that his concern has shipped out between January 1 and September 15 this year, 336,561 pounds of poultry, or equivalent to \$66,412.57. This represents nineteen full carloads. Moreover, the heaviest part of the season is still yet to come Mr. Zachry says. Nearly 800,000 dozen eggs have been handled during this period as well.

Wilbarger county supplies the best of the produce the local company handles, the manager says, and his buying territory extends many miles in all directions from Vernon. Mr. Zachry points out that formerly farmers brought their chickens to town and hauled them back again for want of a market, while now the produce company would purchase ten carloads a day could that amount be obtained. The difficulty, says the manager, is in buying, not in selling.

Encourages Home Marketing

A poultry association, it is thought will stimulate the marketing of chickens within the county. In the eastern portion of Wilbarger, where some of the finest chickens are raised, a majority of the marketing is done in Electra.

TOLL BRIDGES ON RED RIVER PROVE DIVIDEND PAYERS

Investigation Shows That Structures Between Texas and Oklahoma Are Yielding Handsome Returns to Owners Even Though Not Very Far Apart—Local Promoters Encouraged.

As dividend toll producer across bridges across Red river seem to rank among such organizations as Standard Oil or Bethlehem Steel. This can be said in favor of the bridges—they are simple of operation. In fact, about all that seems necessary is to build the bridge and put a capable man in charge to collect tolls and see that repairs are made when necessary.

R. H. Coffey, president of the local chamber of commerce, and A. P. Peck of Peck and Hickernell, who are behind the proposition to erect the bridge between Vernon, Odell, and Altus, Oklahoma, recently made an investigation of the various bridges across the Red river, and according to official figures given them the Byars bridge has paid 30 per cent annually since it was built nine years ago, up to 1921. From January 1 to July 1, 1921, a dividend of 30 per cent was paid.

30 Per Cent Every 90 Days.

Fifty per cent per year has been the profit paid on the Burke bridge, and in addition thereto the structure was rebuilt once out of the earnings. This structure was built in 1913.

The Devoil Bridge, constructed about a year ago, seems to have earned about 28 per cent. No dividend has been paid as yet. The bridge at Grandfield, constructed about a year and a half ago, has paid ten per cent every ninety days, and information is that from \$2,000 to \$3,000 have been placed in the surplus fund each time a dividend was declared.

The bridge at Byars and Burke are about twenty-eight miles apart, while crossing at Devoil is about five miles from that at Burke, with Grandfield's bridge about seven miles from the structure at Devoil.

The promoter of the Wilbarger county bridge are very much encouraged at the response being made in the matter of stock subscriptions. They hope, within a short time, to have started to a point where actual construction can start.

STUDY POULTRY AT OKLAUNION

Department This Year Being Particularly Stressed—Much Interest Is Being Shown.

Active interest is being shown by the students in the Oklaunion school in the poultry department of their institution which this year has been particularly stressed. W. M. Gourly, principal of the school, took a special course at A. and M. College the past summer, according to the home demonstration agent, and has been giving the students in his school the benefit of this extensive instruction.

Poultry culling of a flock of sixty chickens was conducted Saturday. The pupils displayed considerable aptness in this work.

According to the home demonstration agent, this work is of vital importance to the Oklaunion boys and girls. Profits from poultry raising are known to be considerable, and the young people are in this manner encouraged to proceed further along the lines of this industry.

Bob Ferrell Reported Better.

Mrs. Bob Ferrell, in a telephone conversation from Dallas this morning with her mother, Mrs. S. E. Lloyd, informed the latter that the operation thought necessary this week-end to remove the affected eye of her husband has been postponed, and there is a possibility that it will not be necessary. Prospects, according to Mrs. Ferrell are decidedly more encouraging, and not only is there the possibility that the other eye of Mr. Ferrell will not be affected, but the sights of both may be saved.

Old Folks Will Sing Sunday

Sidney Archer, prominent farmer, living north of Tolbert, and his class of singers will furnish music at the First Baptist tabernacle from 2 to 4 o'clock Sunday afternoon. The public is invited. These singings are held at frequent intervals and have attracted more than county-wide interest.

BABE RUTH AND "BANJO," TWO IMPORTANT YANKEES.

Here are Babe Ruth and Eddie ("Banjo") Bennett, mascot of the New York Yankees. Both are doing much to bring the Yankees home first in the pennant race. Eddie admits that Babe and the other players are doing great work, but insists that he should not be overlooked when the credit is handed out. Here is Eddie's record: 1919—Mascot of the Chicago White Sox, winners of the American League pennant. 1920—Mascot Brooklyn Dodgers, winners of the National League pennant. 1921—Mascot for the New York Yankees, probable winners of the American League pennant. Yes, sir; Eddie must be given credit. It's a record to be proud of.

TEMPLE RECEIVES ITS CONSTITUTION

Potentate Cline then announced the following appointments: Charles E. McCutchen, First Ceremonial Master; R. O. Harvey, Second Ceremonial Master; Albert Ellis, Director; Morris U. Lively, Alchemist; W. Y. Hammack, Captain of the Guard; Abe Marcus, Outer Guard; Nathaniel F. Grafton, Chaplain; Martin D. Rowe, Class Director.

Banquet For Nobility.

Mrs. Cutts and the visiting ladies were entertained at luncheon at the Golf Club, and Mr. Cutts and other visitors were entertained at luncheon at the Wichita Club. In the evening Mrs. Martin D. Rowe entertained honoring Mrs. Cutts and a banquet was held at the Kemp Hotel for the nobility. The day was concluded with an informal dance at Call Field, which was attended by 250 nobles and their ladies.

The next ceremonial session of Maskat Temple will be held Thanksgiving day, Thursday, November 24th, and plans are being made for the greatest ceremonial ever held in northwest Texas. A large class of novices have already presented their petitions.

FIVE COUNTY GIRLS TO BE GUESTS AT FAIR.

Five Wilbarger county girls will receive trips to the Fair at Dallas next month as reward for exhibits submitted at the county fair this fall. Six others will probably go to the fair and be provided with free room and board as recognition of their club work the past year.

Those who go to Dallas on awards made by local business firms are Miss Helen Richle, Wildcat—poultry; Miss Jimmie Whitel, East Vernon—poultry; Miss Ramal Butler, Oklaunion—home improvement; Miss Vynetta Little, Harrold—home improvement; Miss May Vaughn, Harrold—canning.

Married By Judge Griffiths.

J. W. Parker of New York and Mrs. Belle Ethridge of Wichita Falls were married Thursday morning at 9:10 in the office of the county clerk. Justice of the peace T. J. Griffiths performed the ceremony. The couple will make their home in New York.

COURT TO HOLD SPECIAL SESSION

OVERCROWDED DOCKET CALLS FOR THREE WEEKS TERM IN NOVEMBER.

A special session of district court lasting three weeks will be conducted starting the second Monday in November. A heavily crowded civil docket has necessitated this course. Following are the cases recently disposed of: Divorce in the case of A. A. Hicks vs. Helen Hicks was not granted. The case was in court September 17.

Divorce was granted in the case of E. M. Brown vs. Adeline Brown on the grounds of cruel treatment September 17. J. C. Dibrell et al vs. J. W. Green et al, suing for a clear title to land east of Doans, were granted one-fourth interest in the land. Notice of appeal was given.

Suit brought by the Wilbarger Wire Rope Distributing Co., vs. Staley Greene-McCarter for a debt resulted in judgment for the plaintiff. Judgment for \$250 was allowed in the suit of J. Yule vs. C. W. Harvey et al. Suit was entered for \$3,000.

The case of R. S. Fritzchik vs. L. E. Key resulted in judgment for the plaintiff for the amount of the debt, \$1,903.80. Foreclosure was denied.

Chanault and Wheat were awarded judgment against Harry Collins, et al for the amount prayed.

Wylie Bennett and H. E. Rogers vs. B. P. Estes et al was set for the third day of the special session of district court to be begun the second week in November. This special session will be a three week's term.

Curtis Renfro vs. K. B. Box and E. T. Smith was awarded judgment and the relief prayed for. Stay of execution for ninety days was granted.

The case of Bowers Oil Co., vs. Peck and Hickernell was set for Monday of the third week of the special term of court.

Trial judgment was awarded Leo B. Slaughter et al in a case against the Mollie Oil and Gas Co., et al.

The case of J. R. Moore vs. D. E. Woods et al was dismissed at the plaintiff's costs.

The case of Frank Byrd vs. J. W. Wheatley was dismissed at the plaintiff's costs.

Judgment for \$2,200 was awarded the plaintiff in the case of Vernon Daniel et al vs. The Automobile Insurance Co. of Hartford Conn. The plaintiff paid the costs in the case. Suit was brought for \$4,000, and was concerned with the burning of an automobile.

Will Operate Private Gymnasium

A group of former members of the Vernon Athletic Club have organized among themselves and will operate a private gymnasium for their own use. The athletic club is now defunct, but the quarters it formerly occupied will be used by the new association.

COUNTY JUDGE ASKS WILBARGER VOTERS TO STAND AS UNIT

E. L. McHugh Tells Rotary Club That More Money Must Be Provided for Good Roads Or Public Will Be Forced To Cut Down Travel—Says Highways Benefit All.

Calling for united action from the county in respect to the matter of good roads, and pointing out the necessity for hard surfaced highways along certain routes, Judge E. L. McHugh Tuesday laid before the Vernon Rotary Club his views on the proposed \$600,000 bond issue. He made it plain that the \$20,000 which is allowed Wilbarger county annually for road maintenance is entirely inadequate to meet its needs.

Judge McHugh stressed the fact that the public must choose whether or not it wants good roads, and declared that unless the people provide more money for this purpose, they must stop traveling. It was decided at the Rotary meeting to appoint a committee to invite representative citizens of Wilbarger county to meet with the Rotarians next Tuesday to discuss the project. Voters in favor of the \$600,000 bond issue will be called upon to rally around the standard of good roads at that time.

Wants County As Unit.

"This county should be a unit of roads," Judge McHugh said in beginning. "Roads are not a town matter; they are built for people who live out in the country to come to town. Roads are necessary where we propose to build them because the soil will not stand up as dirt roads."

"We propose to build concrete roads as follows: two and eight-tenths miles toward Chillicothe; two miles toward Oklaunion; one and one-half miles south to Paradise Creek; and one and two-tenths miles north toward Fargo."

"Fifty thousand dollars of the bond money will be set aside for the use of each of the four commissioners, making a total of \$200,000 for this work. This money will not be spent all at once; neither will a commissioner have the authority to spend it himself. It will be spent subject to the order of the commissioners' court."

Voters Must Be Fair.

"No two men can exactly agree on every point of a road program. Everybody must be fair. We must give and take. Everybody should vote for these roads because they benefit everybody. We should all like to see the highways paved from county line to county line, and the time is soon coming when it will have to be corrected, but that time is not yet."

"As for the tax increase, this bond issue will raise tax rate about 33 cents on the \$100 districts except number 1, the Oklaunion district, where they will be reduced a few cents. If the people want good roads they must pay for them. There will be no increase in taxes this year. The taxes will be levied on next year's valuation, but the people will have until January, 1923, to pay them."

A committee was appointed at the Rotary meeting to give Wilbarger voters the facts concerning the proposed bond issue. Another group was appointed to visit local business men for the purpose of raising \$100 to bring the Amarillo high school football team here to play the locals.

MARRIES OKLAHOMA GIRL.

Son of J. V. Ramsey of Vernon Weds Miss Thelma Smith of Enid.

Miss Thelma Smith of Enid, Oklahoma and Randolph Ramsey were married at Enid, Oklahoma, Monday at 8 o'clock after which they left for their honeymoon. Young Ramsey is a son of Mr. and Mrs. J. V. Ramsey, living one and one-half miles south of Vernon. He is 19 years old and has been employed as a bookkeeper for Smith's tailor shop. He attended the local schools of Vernon, until he went to Enid.

Miss Smith is a daughter of A. E. Smith of Enid. She is 17 years old. After graduating from Ward-Belmont College she went to Washington one year. The young couple will make their home in Enid.

RETAIL MERCHANTS ADOPT BY-LAWS

PERMANENT ORGANIZATION EFFECTED AT MEETING LAST NIGHT.

Vernon's Retail Merchants Association was made into a permanent organization last night at a meeting conducted in the library building. By-laws were adopted and R. B. Sherill was elected secretary. Other officers are W. A. Lane, president, and Cy Long, vice-president.

This organization shall meet the second Thursday night of each month. Its object is not merely to protect merchants from those who are slow in paying their debts, but to assist those who are worthy of credit to receive the same.

A card index of names will be kept by the association, and this can be referred to by the merchants desiring information. The association is a revival of a similar organization that existed several years ago.

Will Observe Mission Festival.

The St. Paul's Lutheran congregation will celebrate its annual mission festival. Out of town speakers will occupy the pulpit. Rev. L. Heinemeier of Vernon, Route 2, will preach in the morning at 10:30 and Rev. W. Meyer of Grandfield, Okla., in the afternoon at 2 o'clock. Special collections will be raised at both services for the home mission fund of the Texas District.

Mrs. A. Allison is at her home on S. Wood street, after having been in a local sanitarium for several days this week. Her condition is much improved.

MCARTER WILL BE CITY SECRETARY OF CHILLICOTHE.

E. L. McCarter has been elected by alderman at Chillicothe to the place of city secretary of the Chamber of Commerce, and will assume his new duties tomorrow. Mr. McCarter was notified of his appointment the first of the week.

Previous experience in a similar line in Fort Worth will fit Mr. McCarter for the office he will fill in Hardeman county. He was for some time engaged in the oil well supply business in Vernon.

Broke His Vow.

"After trying all remedies and doctors for stomach trouble for eight long years I decided I would never take another dose of medicine, but when I saw what Mayr's Wonderful Remedy did for a friend, who also suffered from bloating as I did, I concluded to try it myself. It helped me at once." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince of money refunded.

WONDERFUL GAIN IN WEIGHT REPORTED

Young Woman Only Weighed 76 Pounds—Now Weighs Over 100 And Is Gaining Every Day.

"Before I began taking Tanlae I only weighed 76 pounds, I now weigh over one hundred and am gaining every day," said Miss LaRue Davis, of Chattanooga, Tenn.

"I bought my first bottle of Tanlae at Gas City, Ind., and it helped me so much that I continued using it. I have always been delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I felt off until I only weighed 76 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlae.

"Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlae is simply grand

and I can truthfully say it is the only medicine that has ever done me any good."

Tanlae is sold in Vernon by the Ferguson Drug Store, sold in Odell by R. J. Belcher, sold in Harrold by the Wilson Drug Co. Sold everywhere.

WHY NOT "AMERICA" DAY

The suggestion has been made that
 no fitter way could be found to ob-
 serve Armistice Day than to make it
 "America" Day, this does not discount
 the proposal to celebrate it as "Dis-
 armament day." Without armament
 the world would be rid of a most un-
 bearable burden. It is needless to sug-
 gest, however, that mere armament
 will never rid us of strife. Loyalty
 alone will do that.

There are yet dissatisfied elements
 all over the United States—men and
 women who have no thought of thank-
 fulness in their hearts, and no desire
 to help any one besides themselves.
 call it Bolshevism, anarchy, or any
 name you will—the fact remains that
 the spirit of selfish unrest is striving
 mightily to undermine the founda-
 tions of American institutions.

Americans should welcome the un-
 rest which strives for better things,
 but there is no place in America for
 anarchy in any phase. That is why we
 need, as we have seldom needed be-
 fore rededication to the cause for
 which our fathers died for in '76, and
 for which our brothers gave up their
 lives in the last great war.

HOWARD BUILDING ON N. MAIN STREET ONE OF FINEST

Interior of Structure Just Completed Insures Comfort of Tenant—Three Shower Baths Installed—New Store Can Be Made to Serve Various Types of Businesses.

Interior work on the building on N. Main street owned by Dr. A. P. Howard has just been completed, and the structure is now ready for occupancy. It is one of four buildings across the street from the Vernon Record office, and can be readily distinguished by a bright enameled front. Inside and out the structure is one of the handsomest in the city, and suited for almost any type of merchandising.

Every effort has been made to insure the durability of the finishings, and the convenience of the occupant. A large plate glass front extends across the building, and a driveway has been extended to the front door. Precautions have been taken to make the Woodwork is enameled in white, and structure waterproof at every opening.

Attractively Decorated.

Inside the walls are examined alabaster, and are of a cream color. Woodwork is enameled in white, and blends in well with the walls and a blue moulding where walls and ceiling meet. A ballustrade, mahogany colored is suspended over the rear part of the store. An air and water line have been extended to the parking in front of the building in the event that a garage occupies the quarters.

In the rear of the store building a wash rack for automobiles or wagons has been fashioned, and a drain provided for this purpose. Cement paint impervious to water, has been put on the walls in this corner to prevent the plaster cracking. The entire floor is of concrete. A lavatory, equipped with shower bath, is also on the floor. Back doors in the store building are of two and one-half inch white pine, and these, as well as the rest of the structure, are transomed with heavy prism glass. A specially designed threshold in the rear prevents water from flowing into the store from the alley.

Windows Heavily Screened

An ornamental metal ceiling has been installed, and a conduit system of electric wires supplied. Double wire screening is used on the windows. The second story of the building serves as an armory for the National Guards.

One of the most attractive features of the store is the balcony over the rear part. This space may be utilized in an attractive manner by practically any type of business, and is especially suited for ladies' rest room.

Four windows provide light for the balcony, and it is equipped with a well-appointed lavatory, also. Five and even seven coats of paint and enamel have been applied throughout the interior to insure maintaining the finish.

MISS BERTHA RIGGS WEDS

Daughter Of Mrs. H. E. Riggs Becomes Bride of Washington, D. C. Man—Was Here Recently.

Miss Bertha Riggs, daughter of Mr. H. E. Riggs of Vernon, was married to G. M. Colton of Washington, D. C., September 17 in Baltimore, according to word received by the bride's mother. The wedding took place at a Presbyterian parsonage in the latter city. The young couple will make their home in Washington where Mr. Colton is a music dealer.

Mrs. Colton was born and reared in Vernon and attended the local schools, having been valedictorian of her high school graduating class. She attended the State University at Austin one year and later was a student in the Denton Normal from which institution she received a teachers' certificate. After teaching in Memphis and in Amarillo she attended Draugh's Business college in the latter city and then took the examination for civil service. She procured a position in Washington during the war work and has been there ever since.

Mrs. Colton was in Vernon visiting her mother for four weeks this summer. She left here for Washington only about ten days prior to her marriage.

M. S. Swinburn, trustee for Tolbert schools, was in Vernon Thursday on business. Tolbert schools will commence next Monday.

MISS KATHLEEN MASSIE IS MARRIED AUGUST 31st

Miss Kathleen Massie, daughter of Mr. and Mrs. Lee John Massie formerly of this city, was married to Forrest Milton Christensen on August thirty-first in Moravia, California, according to announcements received by some of her Vernon friends recently. She and her husband will make their home in Pasadena, the announcement stated. Mrs. Christensen was born in Vernon but her father, who was one of the pioneer settlers of this community, moved with his family to California several years ago. He still has many business interests in the county, however, and visits here frequently. His daughter attended school in Texas last year and visited in Vernon during her stay in the state.

Expects To Get Half Bale

Jo W. Huntley of Route 2 expects to get a half bale of cotton to an acre on his land. Mr. Huntley was in Vernon yesterday with some cotton. He has picked seven bales this fall. It is Mr. Mr. Huntley's belief that not half of the cotton on Route 2 has been picked.

APPLICATION BLANKS ARE HERE

L. A. Hollar, county superintendent of schools, announces that the blanks for making application for state aid are now in his office, and he urges that all school trustees get them as soon as possible. October 15th is the limit for filing the applications with the officials in Austin, and unless claims are made by that time it is very likely that the schools who are late will get no state aid.

GREAT WESTERN CIRCULATOR

GREAT WESTERN Circulator

The Heat Giant of the West

There has never been a greater heater, one that gets so much out of the fuel, than the GREAT WESTERN CIRCULATOR.

One of the greatest improvements in stove construction made in recent years is the device for circulating the air so that all of the room where the stove is located, and even at adjoining room, will be uniformly heated.

This is accomplished by means of a supplementary flue which receives the cold air from near the floor, conducts it upward in contact with heated surfaces, thence carries it within the body of the stove over the fire, and finally discharges it, thoroughly heated, at the top.

While the principle is not new, the practice of making this flue of sufficient size to actually accomplish the purpose intended, is modern.

As applied to the "Great Western Circulator" the hot air is discharged through the ornamental Swing Cover.

If it is desired to heat the room above, remove the urn and a small section of swing cover and insert pipe to connect with register in floor of second story. Closing this register or damper in the air pipe will confine the heat to the lower floor.

All of the desirable features of the Great Western Oak are also incorporated in the Great Western Circulator.

The heater is made of the best materials, and in the most workmanlike manner. It pays its way in what it saves, brings comfort into the home, and lasts year after year with the same satisfactory results.

ELECTION NOTICE

THE STATE OF TEXAS)
COUNTY OF WILBARGER)

TO THE RESIDENT PROPERTY
TAXPAYING VOTERS OF WIL-
BARGER COUNTY, TEXAS.

TAKE NOTICE that an election will be held on the 29th day of October, 1921, within Wilbarger County, Texas, to determine if said county shall issue bonds and if tax shall be levied in payment thereof in obedience to an election order entered by the Commissioners' Court on the 15th day of September, 1921, which is as follows:

ELECTION ORDER

THE STATE OF TEXAS)
COUNTY OF WILBARGER)

On this the 17th day of September, 1921, the Commissioners' Court of Wilbarger County, Texas, convened in regular session at the regular meeting place thereof in the Courthouse at Vernon, Texas, all members of the Court, to-wit:

E. L. McHugh, County Judge,

A. M. Boardman, Commissioner, Precinct 1.

A. O. McCaleb, Commissioner, Precinct No. 2.

J. S. Archer, Commissioner, Precinct No. 3.

J. M. Luttrell, Commissioner, Precinct No. 4.

being present came on to be heard and considered the petition of Jim A. White and 285 other persons, praying that an election be ordered in said County for the purpose of determining the following proposition:

Whether or not the bonds of said county shall be issued in the sum of \$600,000.00 for the purpose of the purchase of district roads and the further construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout said County, and whether or not a tax shall be levied upon the property of said county subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to the court that said petition is signed by not less than two hundred fifty (250) resident property taxpayers of the County; and

It further appearing that the amount of the bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Wilbarger County;

It further appearing that Road District No. 1 of Wilbarger County, Texas has heretofore issued road bonds under the provisions of Chap. 2, Title 18, Revised Statutes, 1911 as follows:

Date of bonds, December 10th, 1917 numbered consecutively from one (1) to two hundred ten (210), inclusive for the sum of \$500 each, aggregating \$105,000.00, payable at Vernon, Texas, or at the Hanover National Bank, New York, N. Y., at the option of the holder and payable serially seven (7) bonds each year, beginning with the year 1918 and ending with the year 1947 and bearing interest at the rate of five per centum per annum, payable semi-annually on December and June 10th of each year—

and that bonds numbered from one to twenty one (21), inclusive, have been finally paid off thereby leaving outstanding against said Road District a bonded debt aggregating \$84,500.00.

IT IS THEREFORE CONSIDERED AND ORDERED BY THE COURT that an election be held in said County on the 29th day of October, 1921, which is not less than thirty (30) days from the date of this order, at which election the following proposition shall be submitted:

Whether or not the bonds of Wilbarger County, Texas, shall be issued by the Commissioners' Court for the sum of \$600,000 for the purpose of the purchase of district roads and the further construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof throughout the County as follows:

(1) Bonds aggregating \$94,000.00 to be issued for the purpose of the purchase of district roads in said County, having the same dates of maturity and bearing the same rate of interest as the bonds heretofore issued and now outstanding against Road District No. 1 of this County; and

(2) Bonds aggregating \$505,500.00 to be issued for the purpose of the further construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout the County, and maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed forty (40) years from date thereof, and bearing interest at the rate of five and one half per centum per annum; and

Whether or not a tax shall be levied upon the property of said County subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The election shall be held under the

Vernon, Texas, September 10, 1921.
To the Mayor and Board of Commissioners,
City of Vernon,
Vernon, Texas:

Gentlemen:
Complying with your request, I have audited the books of the City of Vernon, for the period from September 1, 1920 to March 31, 1921 inclusive.

SCOPE OF AUDIT—All receipts and disbursements in all departments were checked in detail, and found to be properly vouched and correctly accounted for. The Treasurer's report was also verified and found to correspond with the books of the city. All bonds held by the city were personally inspected by me; these bonds being held and deposited by the vaults of the Farmers State Bank of Vernon, Texas, by the Treasurer.

CONCLUSION—The accounting methods employed, are, in my opinion, adequate to meet the present needs of the city's affairs. The bookkeeping is being neatly and accurately executed.

Respectfully submitted,

E. C. CHRISTIAN,
Public Accountant

Remembrance In Business

It does a man's heart good to discover that this is a far better and kinder business world than he had thought it could be. He fairly radiates warm gratitude and good will.

Friendliness is a priceless quality in Business, a constant urge which makes sales more quickly and more surely than any amount of dry logic or argument; it cannot be neglected; it is too valuable; it must be intelligently fostered.

Just the reason our business has grown from year to year our friends remember.

VERNON, WILBARGER COUNTY, TEXAS, FRIDAY, SEPT. 30, 1921

NUMBER 75

COUNTY POULTRY RAISERS TO FORM AN ASSOCIATION

Meeting Will Be Conducted Wednesday Afternoon at 2 O'Clock and Election of Officers Held—Purpose of Organization To Stimulate Competition and Raise Standard of Chickens.

Local poultry fanciers, considering the time most opportune for their purpose, and realizing the need for concerted efforts from those raising chickens in the county, have set next Wednesday, October 5, as the date for organizing a Wilbarger Poultry Association. A meeting will be held at 2 p. m. at the court house, and officers elected for the ensuing year.

This move is instituted through the ever increasing interest in poultry manifested in this county, and it is instigated by many that the chicken industry in Wilbarger can be made incalculably more profitably. Advertising through the news columns of the Record alone is thought to have reached into the thousands of dollars. The success of local fanciers along these lines has been outlined from time to time.

Will Conduct Show.

One purpose of the poultry association will be to conduct a show here during the coming winter. This method of exhibition is considered one of the best means to stimulate interest in the industry.

A considerable number of county growers raise poultry of unusual quality, and many have won high awards at various fairs conducted over the state. All varieties of chickens are raised in Wilbarger, and conditions here appear admirably suited for the industry.

Emory Rhoads, a vice-president of the Farmers State Bank, and who raises White Leghorns, has won first, second, and third premiums at the Dallas Fair. Mr. Rhoads' efforts along that line are more to suit a fancy than to make a paying industry of the business, but his poultry is of exceptionally fine quality, and he himself believes, "There's not a finer flock of White Leghorns in the Southwest."

Obviate Borrowing

Mr. Rhoads cannot say enough concerning the profit in poultry raising. Those farmers owning good flocks, he says, are seldom applicants at the bank for loans, and the banker is of the opinion that there is no line on the farm that costs as little and yet yields such excellent returns.

Mr. Rhoads quotes numerous examples from other sections as illustrations of what the poultry industry has meant. Bowie county affords an excellent criterion to judge by. Thousands of dollars have been brought in through the raising of chickens alone. Plainview county affords another instance of a successful poultry industry.

Breeds Fine Chickens.

Adam Donges, Vernon grocer, is enthusiastic over the formation of a poultry association. Such a move, he says, would encourage competition and thus raise the standard of local poultry. Mr. Donges raised Buff Orpingtons and is considered one of the leading fanciers in this section. His chickens have taken prizes at numerous fairs, and he has never shipped a pen or individual that he has not received a complimentary letter in return. He will exhibit at the Dallas Fair this year. Another Wilbarger county breeder of fine Buff Orpingtons is Henry Richie, living northwest of town.

"It can't be done in one day," is the comment of Mr. Donges, "this matter of raising the standard of our chickens. It requires a small outlay of money and yet yields great returns. I believe the farmers can easily make enough out of chickens to pay all expenses of traveling back and forth to town on various missions during the year."

"I am in favor of interesting the women and young people. They are inclined to take a more active interest in the matter. Chicken raising does not take much time and if a record book is kept I'll wager that it will show that the industry is one of the best paying propositions on the farm."

Many Fine Breeders.

Some of the best breeders in the county and the variety of chickens they raise are the following: S. D. Layless, Oklaunion, Rhode Island Reds; T. A. Berry, Vernon, Rhode Island Reds; Jess Collins of Vernon, Rhode Island Reds; T. H. Chaney of

They were taken in charge by the Red Cross immediately upon their arrival in Reval.

TEAM ON EDGE FOR TOMORROW'S GAME

FOOTBALL CONTEST WITH PADUCAH TO START AT FAIR-
GROUNDS AT 4 O'CLOCK.

Vernon's football team is in excellent condition for its contest with Paducah tomorrow, according to Coach Morrow and some hard scrimmage has been engaged in during the past week. The game will start at the fairgrounds tomorrow afternoon at 4 o'clock, and admission will be fifty cents.

Larimore will be started at right half tomorrow afternoon, and this is the only change that will be made in the lineup. Smith, who suffered a wrenched ankle at Wichita Falls last Saturday, is still out of the playing.

The lineup for tomorrow will be as follows: Ferguson, L. C.; Thompson, L. C.; McCombs, L. G.; Blackwood, C.; Reed, R. G.; Collier, R. T.; Gollar, R. E.; Bramblett, C. B.; Small, L. H.; Larimore, R. H.; Parr, F. B.

Tolbert, Rhode Island Reds, Frank Turley of Vernon route 4, Rhode Island Reds; D. W. Max, Tolbert Rhode Island Reds; Walter Cagle, Vernon route 4, Rhode Island Reds; O. E. Sherman, Oklaunion, Rhode Island Reds; Adam Donges, Vernon, Buff Orpingtons; C. F. Doans, Black Langshans; J. P. Clements, Oklaunion, White Leghorns; Emory Rhoads, Vernon, White Leghorns.

S. D. Lawlis of Oklaunion is conceded to have probably the best flock of Rhode Island Reds in the county, and has made the chicken business an industry on his farm. About 400 chickens are in his flock and he will exhibit his best ones at the Dallas Fair this year. Others of those named above, and still more unmentioned, have exceptionally fine poultry, and will also exhibit at the fair this year.

Encourages Fine Poultry.

J. S. Swartwood, Vernon hardware dealer, is entitled to considerable more credit for encouraging the poultry raising industry in this county. Mr. Swartwood, about six years ago, kept careful tab on those in the state who had good chickens for sale, and from time to time made purchases of these fowls and put them on display in front of his store. They were sold to farmers over the county, and a foundation given for some good flocks. As evidence of the success of the project, Mr. Swartwood points to the fact that chickens are now being shipped out where formerly there were but few raised.

Jess Collins of Vernon is of the opinion that nothing stimulates the poultry industry like good shows. These the association intends to hold from time to time. He believes there will be a great amount of interest shown in the formation of a poultry association.

As concrete evidence of the extent to which the Wilbarger county poultry industry has grown is the statement of G. B. Zachry, manager of the

T. C. U. REJOICES AT GREEN'S RETURN

VERNON STUDENT EXPECTED TO
ADD WORLD OF STRENGTH
TO FOOTBALL LINE.

Football rooters at Texas Christian University are hilarious over the return to school of Andrew ("Judge") Green, Vernon student, who has already made a record in athletics in that institution. The local gridiron warrior was evidently unable to withstand the lure of the pigskin when he witnessed his former teammates come to Vernon two weeks ago and work out before their trip to Amarillo. Following is a comment on Green from Fort Worth, where T. C. U. is located.

"Football stock at T. C. U. took quite a jump this week. Judge Green star tackle on the victorious 'Frog' team of 1921 returned to school and donned the moleskins for one more season. Judge is a Vernon, Texas, boy, was captain of the track team for 1921, and is one of the most popular men who ever attended the Christian institution."

"When the thud of the pigskin was heard for the first time on 'Horned Frog' grid, and Judge was not there every one was sorely disappointed, for a better tackle never hit the old T. C. U. He was sorely missed in the stalwart line and the coaches were unable to replace him satisfactorily. With one of the hardest games of the season looming in view for Saturday of this week when T. C. U. meets the Simmons College 'Cowboys' at Abilene at the West Texas Fair, the return of Judge looks like a 'million dollars' to the T. C. U. coaches. Judge has been hard at work all summer and with hard training this week should be able to make the 'Cowboys' like it when they try his side of the line."

White Produce Co. here, that his concern has shipped out between January 1 and September 15 this year, 336,561 pounds of poultry, or equivalent to \$96,412.57. This represents nineteen full carloads. Moreover, the heaviest part of the season is still yet to come. Mr. Zachry says. Nearly 800,000 dozen eggs have been handled during this period as well.

Wilbarger county supplies the best of the produce the local company handles, the manager says, and his buying territory extends many miles in all directions from Vernon. Mr. Zachry points out that formerly farmers brought their chickens to town and hauled them back again for want of a market, while now the produce company would purchase ten carloads a day could that amount be obtained. The difficulty, says the manager, is in buying, not in selling.

Encourages Home Marketing

A poultry association, it is thought will stimulate the marketing of chickens within the county. In the eastern portion of Wilbarger, where some of the finest chickens are raised, a majority of the marketing is done in Electra.

TOLL BRIDGES ON RED RIVER PROVE DIVIDEND PAYERS

Investigation Shows That Structures Between Texas and Oklahoma Are Yielding Handsome Returns to Owners Even Though Not Very Far Apart—Local Promoters Encouraged.

As dividend toll producer across bridges across Red river seem to rank among such organizations as Standard Oil or Bethlehem Steel. This can be said in favor of the bridges—they are simple of operation. In fact, about as that seems necessary is to build the bridge and put a capable man in charge to collect tolls and see that repairs are made when necessary.

R. H. Coffee, president of the local chamber of commerce, and A. P. Peck of Peck and Hickernell, who are behind the proposition to erect the bridge between Vernon, Odell, and Altus, Oklahoma, recently made an investigation of the various bridges across the Red river, and according to official figures given them the Byars bridge has paid 30 per cent annually since it was built nine years ago, up to 1921. From January 1 to July 1, 1921, a dividend of 30 per cent was paid.

30 Per Cent Every 90 Days.

Fifty per cent per year has been the profit paid on the Burke bridge, and in addition thereto the structure was rebuilt once out of the earnings. This structure was built in 1913.

The Devoil Bridge, constructed about a year ago, seems to have earned about 28 per cent. No dividend has been paid as yet. The bridge at Grandfield, constructed about a year and a half ago, has paid ten per cent every ninety days, and information is that from \$2,000 to \$3,000 have been placed in the surplus fund each time a dividend was declared.

The bridge at Byars and Burke are about twenty-eight miles apart, while crossing at Devoil is about five miles from that at Burke, with Grandfield's bridge about seven miles from the structure at Devoil.

The promoter of the Wilbarger county bridge are very much encouraged at the response being made in the matter of stock subscriptions. They hope, within a short time, to have matter to a point where actual construction can start.

STUDY POULTRY AT OKLAUNION

Department This Year Being Particularly Stressed—Much Interest. Is Being Shown.

Active interest is being shown by the students in the Oklaunion school in the poultry department of their institution which this year has been particularly stressed. W. M. Gourly, principal of the school, took a special course at A. and M. College the past summer, according to the home demonstration agent, and has been giving the students in his school the benefit of this extensive instruction.

Poultry culling of a flock of sixty chickens was conducted Saturday. The pupils displayed considerable aptness in this work.

According to the home demonstration agent, this work is of vital importance to the Oklaunion boys and girls. Profits from poultry raising are known to be considerable, and the young people are in this manner encouraged to proceed further along the lines of this industry.

Bob Ferrell Reported Better.

Mrs. Bob Ferrell, in a telephone conversation from Dallas this morning with her mother, Mrs. S. E. Lloyd, informed the latter that the operation thought necessary this week-end to remove the affected eye of her husband has been postponed, and there is a possibility that it will not be necessary. Prospects, according to Mrs. Ferrell are decidedly more encouraging, and not only is there the possibility that the other eye of Mr. Ferrell will not be affected, but the sights of both may be saved.

Old Folks Will Sing Sunday

Sidney Archer, prominent farmer, living north of Tolbert, and his class of singers will furnish music at the First Baptist tabernacle from 2 to 4 o'clock Sunday afternoon. The public is invited. These singings are held at frequent intervals and have attracted more than county-wide interest.

BABE RUTH AND "BANJO," TWO IMPORTANT YANKEES.

Here are Babe Ruth and Eddie ("Banjo") Bennett, mascot of the New York Yankees. Both are doing much to bring the Yankees home first in the pennant race. Eddie admits that Babe and the other players are doing great work, but insists that he should not be overlooked when the credit is handed out. Here is Eddie's record: 1919—Mascot of the Chicago White Sox, winners of the American League pennant. 1920—Mascot Brooklyn Dodgers, winners of the National League pennant. 1921—Mascot for the New York Yankees, probable winners of the American League pennant. Yes, sir; Eddie must be given credit. It's a record to be proud of.

TEMPLE RECEIVES ITS CONSTITUTION

MASKAT VISITED BY IMPERIAL
POTENTATE FROM SAVANNAH,
GEORGIA.

Maskat Temple, A. A. O. N. M. S., Wichita Falls, Texas, was constituted by Imperial Potentate Ernest A. Cutts, of Savannah, Georgia, member of Aler Temple, on Thursday, September 22nd. Immediately after the presentation of Charter, the following officers were elected: Walter D. Cline, Potentate; Frank Collier, Chief Rabbat; Livingston C. Hawkins, Assistant Rabbat; W. W. Gardner, High Priest and Phophet; William M. McGregor, Treasurer; Clifford O. Fritz, Recorder; R. E. Shepherd, Oriental Guide.

Potentate Cline then announced the following appointments: Charles E. McCutchen, First Ceremonial Master; R. O. Harvey, Second Ceremonial Master; Albert Ellis, Director; Morris U. Lively, Alchemist; W. Y. Hammack, Captain of the Guard; Abe Marcus, Outer Guard; Nathaniel F. Grafton, Chaplain; Martin D. Rowe, Class Director.

Banquet For Nobility.

Mrs. Cutts and the visiting ladies were entertained at luncheon at the Golf Club, and Mr. Cutts and other visitors were entertained at luncheon at the Wichita Club. In the evening Mrs. Martin D. Rowe entertained honoring Mrs. Cutts and a banquet was held at the Kemp Hotel for the nobility. The day was concluded with an informal dance at Call Field, which was attended by 250 nobles and their ladies.

The next ceremonial session of Maskat Temple will be held Thanksgiving day, Thursday, November 24th, and plans are being made for the greatest ceremonial ever held in northwest Texas. A large class of novices have already presented their petitions.

FIVE COUNTY GIRLS TO BE GUESTS AT FAIR.

Five Wilbarger county girls will receive trips to the Fair at Dallas next month as reward for exhibits submitted at the county fair this fall. Six others will probably go to the fair and be provided with free room and board as recognition of their club work the past year.

Those who go to Dallas on awards made by local business firms are Miss Helen Richie, Wildcat—poultry; Miss Jimmie Whitel, East Vernon—poultry; Miss Ramal Butler, Oklaunion—home improvement; Miss Vynetta Little, Harrold—home improvement; Miss May Vaughn, Harrold—canning.

Married By Judge Griffiths.

J. W. Parker of New York and Mrs. Belle Ethridge of Wichita Falls were married Thursday morning at 9:10 in the office of the county clerk. Justice of the peace T. J. Griffiths performed the ceremony. The couple will make their home in New York.

COURT TO HOLD SPECIAL SESSION

OVERCROWDED DOCKET CALLS
FOR THREE WEEKS TERM
IN NOVEMBER.

A special session of district court lasting three weeks will be conducted, starting the second Monday in November. A heavily crowded civil docket has necessitated this course. Following are the cases recently disposed of: Divorce in the case of A. A. Hicks vs. Helen Hicks was not granted. The case was in court September 17.

Divorce was granted in the case of E. M. Brown vs. Adeline Brown on the grounds of cruel treatment September 17.

J. C. Dibrell et al vs. J. W. Green et al, suing for a clear title to land east of Doans, were granted one-fourth interest in the land. Notice of appeal was given.

Suit brought by the Wilbarger Wire Rope Distributing Co., vs. Staley Greene-McCarter for a debt resulted in judgment for the plaintiff.

Judgment for \$250 was allowed in the suit of J. Yule vs. C. W. Harvey et al. Suit was entered for \$3,000.

The case of R. S. Fritschik vs. L. E. Key resulted in judgment for the plaintiff for the amount of the debt, \$1,903.80. Foreclosure was denied.

Chanant and Wheat were awarded judgment against Harry Collins, et al for the amount prayed.

Wylie Bennett and H. E. Rogers vs. B. P. Estes et al was set for the third day of the special session of district court to be begun the second week in November. This special session will be a three week's term.

Curtis Renfro vs. K. B. Box and E. T. Smith was awarded judgment and the relief prayed for. Stay of execution for ninety days was granted.

The case of Bowers Oil Co., vs. Peck and Hickernell was set for Monday of the third week of the special term of court.

Trial judgment was awarded Leo B. Slaughter et al in a case against the Mollie Oil and Gas Co., et al.

The case of J. R. Moore vs. D. E. Woods et al was dismissed at the plaintiff's costs.

The case of Frank Byrd vs. J. W. Wheatley was dismissed at the plaintiff's costs.

Judgment for \$2,200 was awarded the plaintiff in the case of Vernon Daniel et al vs. The Automobile Insurance Co. of Hartford Conn. The plaintiff paid the costs in the case. Suit was brought for \$4,000, and was concerned with the burning of an automobile.

Will Operate Private Gymnasium

A group of former members of the Vernon Athletic Club have organized among themselves and will operate a private gymnasium for their own use. The athletic club is now defunct, but the quarters it formerly occupied will be used by the new association.

COUNTY JUDGE ASKS WILBARGER VOTERS TO STAND AS UNIT

E. L. McHugh Tells Rotary Club That More Money Must Be Provided for Good Roads Or Public Will Be Forced To Cut Down Travel—Says Highways Benefit All.

Calling for united action from the county in respect to the matter of good roads, and pointing out the necessity for hard surfaced highways along certain routes, Judge E. L. McHugh Tuesday laid before the Vernon Rotary Club his views on the proposed \$600,000 bond issue. He made it plain that the \$20,000 which is allotted Wilbarger county annually for road maintenance is entirely inadequate to meet its needs.

Judge McHugh stressed the fact that the public must choose whether or not it wants good roads, and declared that unless the people provide more money for this purpose, they must stop traveling. It was decided at the Rotary meeting to appoint a committee to invite representative citizens of Wilbarger county to meet with the Rotarians next Tuesday to discuss the project. Voters in favor of the \$600,000 bond issue will be called upon to rally around the standard of good roads at that time.

Wants County As Unit.

"This county should be a unit of roads," Judge McHugh said in beginning. "Roads are not a town matter; they are built for people who live out in the country to come to town. Roads are necessary where we propose to build them because the soil will not stand up as dirt roads."

"We propose to build concrete roads as follows: two and eight-tenth miles toward Chillicothe; two miles toward Oklaunion; one and one-half miles south to Paradise Creek; and one and two-tenths miles north toward Fargo."

"Fifty thousand dollars of the bond money will be set aside for the use of each of the four commissioners, making a total of \$200,000 for this work. This money will not be spent all at once; neither will a commissioner have the authority to spend it himself. It will be spent subject to the order of the commissioners' court."

Voters Must Be Fair.

"No two men can exactly agree on every point of a road program. Everybody must be fair. We must give and take. Everybody should vote for these roads because they benefit everybody. We should all like to see the highways paved from county line to county line, and the time is soon coming when it will have to be corrected, but that time is not yet."

"As for the tax increase, this bond issue will raise tax rate about 33 cents on the \$100 districts except number 1, the Oklaunion district, where they will be reduced a few cents. If the people want good roads they must pay for them. There will be no increase in taxes this year. The taxes will be levied on next year's valuation, but the people will have until January, 1923, to pay them."

A committee was appointed at the Rotary meeting to give Wilbarger voters the facts concerning the proposed bond issue. Another group was appointed to visit local business men for the purpose of raising \$100 to bring the Amarillo high school football team here to play the locals.

MARRIES OKLAHOMA GIRL.

Son of J. V. Ramsey of Vernon Weds Miss Thelma Smith of Enid.

Miss Thelma Smith of Enid Oklahoma and Randolph Ramsey were married at Enid Oklahoma, Monday at 8 o'clock after which they left for their honeymoon home. Young Ramsey is a son of Mr. and Mrs. J. V. Ramsey, living one and one-half miles south of Vernon. He is 19 years old and has been employed as a bookkeeper for Smith's tailor shop. He attended the local schools of Vernon, until he went to Enid.

Miss Smith is a daughter of A. E. Smith of Enid. She is 17 years old. After graduating from Ward-Belmont College she went to Washington one year.

The young couple will make their home in Enid.

RETAIL MERCHANTS ADOPT BY-LAWS

PERMANENT ORGANIZATION EF- FECTED AT MEETING LAST NIGHT.

Vernon's Retail Merchants Association was made into a permanent organization last night at a meeting conducted in the library building. By-laws were adopted and R. E. Sherill was elected secretary. Other officers are W. A. Lane, president, and C. Y. Long, vice-president.

This organization shall meet the second Thursday night of each month. Its object is not merely to protect merchants from those who are slow in paying their debts, but to assist those who are worthy of credit to receive the same. A card index of names will be kept by the association, and this can be referred to by the merchants desiring information. The association is a revival of a similar organization that existed several years ago.

Will Observe Mission Festival.

The St. Paul's Lutheran congregation will celebrate its annual mission festival. Out of town speakers will occupy the pulpit. Rev. L. Heinemeier of Vernon, Route 2, will preach in the morning at 10:30 and Rev. W. Meyer of Grandfield, Okla., in the afternoon at 2 o'clock. Special collections will be raised for both services for the home mission fund of the Texas District.

Mrs. A. Allison Home From Hospital

Mrs. A. Allison is at her home on S. Wood street, after having been in a local sanitarium for several days this week. Her condition is much improved.

MCARTER WILL BE CITY SECRETARY OF CHILLICOTHE.

E. L. McCarter has been elected by aldermen at Chillicothe to the place of city secretary of the Chamber of Commerce, and will assume his new duties tomorrow. Mr. McCarter was notified of his appointment the first of the week.

Previous experience in a similar line in Fort Worth will fit Mr. McCarter for the office he will fill in Hardeman county. He was for some time engaged in the oil well supply business in Vernon.

Broke His Vow.

"After trying all remedies and doctors for stomach trouble for eight long years I decided I would never take another dose of medicine, but when I saw what May's Wonderful Remedy did for a friend, who also suffered from bloating as I did, I concluded to try it myself. It helped me at once." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince of money refunded.

WONDERFUL GAIN IN WEIGHT REPORTED

Young Woman Only Weighed 76 Pounds —Now Weighs Over 100 And Is Gaining Every Day.

"Before I began taking Tanlac I only weighed 76 pounds, I now weigh over one hundred and am gaining every day," said Miss LaTue Davis, of Chattanooga, Tenn.

"I bought my first bottle of Tanlac at Gas City, Ind. and it helped me so much that I continued using it. I have always been delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I fell off until I only weighed 76 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlac.

"Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlac is simply grand

and I can truthfully say it is the only medicine that has ever done me any good."

Tanlac is sold in Vernon by the Ferguson Drug Store, sold in Odell by R. J. Belcher, sold in Harrold by the Wilson Drug Co. Sold everywhere.

Summer Feeding Pays

Eggs pay any time, but when other flocks fall off yours pay best. Feed plenty of protein now. Hens need it for eggs and for the coming moult. If they don't get enough, they will rob their body-tissues to get it. Then it will take twice the feed to get them back.

Keep Purina on the Job

It's rich in egg-making, body-building protein. Get a shorter moult and more winter eggs.

WHY NOT "AMERICA" DAY

The suggestion has been made that
no fitter way could be found to ob-
serve Armistice Day than to make it
"America" Day, this does not discount
the proposal to celebrate it as "Dis-
armament day." Without armament
the world would be rid of a most un-
bearable burden. It is needless to sug-
gest, however, that mere armament
will never rid us of strife. Loyalty
alone will do that.

There are yet dissatisfied elements
all over the United States—men and
women who have no thought of thank-
fulness in their hearts, and no desire
to help any one besides themselves.
call it Bolshevism, anarchy, or any
name you will—the fact remains that
the spirit of selfish unrest is striving
mightily to undermine the founda-
tions of American institutions.

Americans should welcome the un-
rest which strives for better things,
but there is no place in America for
anarchy in any phase. That is why we
need, as we have seldom needed be-
fore rededication to the cause for
which our fathers died for in '76, and
for which our brothers gave up their
lives in the last great war.

HOWARD BUILDING ON N. MAIN STREET ONE OF FINEST

Interior of Structure Just Completed Insures Comfort of Tenant—Three Shower Baths Installed—New Store Can Be Made to Serve Various Types of Businesses.

Interior work on the building on N. Main street owned by Dr. A. P. Howard has just been completed, and the structure is now ready for occupancy. It is one of four buildings across the street from the Vernon Record office, and can be readily distinguished by a bright enameled front. Inside and out the structure is one of the handsomest in the city, and suited for almost any type of merchandising.

Every effort has been made to insure the durability of the furnishings, and the convenience of the occupant. A large plate glass front extends across the building, and a driveway has been extended to the front door. Precautions have been taken to make the Woodwork is enameled in white, and structure waterproof at every opening.

Attractively Decorated.

Inside the walls are enameled alabaster, and are of a cream color. Woodwork is enameled in white, and blends in well with the walls and a blue moulding where walls and ceiling meet. A ballustrade, mahogany colored is suspended over the rear part of the store. An air and water line have been extended to the parking in front of the building in the event that a garage occupies the quarters.

In the rear of the store building a wash rack for automobiles or wagons has been fashioned, and a drain provided for this purpose. Cement paint impervious to water, has been put on the walls in this corner to prevent the plaster cracking. The entire floor is of concrete. A lavatory, equipped with shower bath, is also on the floor.

Back doors in the store building are of two and one-half inch white pine, and these, as well as the rest of the structure, are trausomed with heavy prism glass. A specially designed threshold in the rear prevents water from flowing into the store from the alley.

Windows Heavily Screened

An ornamental metal ceiling has been installed, and a conduit system of electric wires supplied. Double wire screening is used on the windows. The second story of the building serves as an armory for the National Guards.

One of the most attractive features of the store is the balcony over the rear part. This space may be utilized in an attractive manner by practically any type of business, and is especially suited for ladies' rest room.

Four windows provide light for the balcony, and it is equipped with a well-appointed lavatory, also. Five and even seven coats of paint and enamel have been applied throughout the interior to insure maintaining the finish.

MISS BERTHA RIGGS WEDS

Daughter Of Mrs. H. E. Riggs Becomes Bride of Washington, D. C., Man—Was Here Recently.

Miss Bertha Riggs, daughter of Mr. H. E. Riggs of Vernon, was married to G. M. Colton of Washington, D. C., September 17 in Baltimore, according to word received by the bride's mother. The wedding took place at a Presbyterian parsonage in the latter city. The young couple will make their home in Washington where Mr. Colton is a music dealer.

Mrs. Colton was born and reared in Vernon and attended the local schools, having been valedictorian of her high school graduating class. She attended the State University at Austin one year and later was a student in the Denton Normal from which institution she received a teachers certificate. After teaching in Memphis and in Amarillo she attended Draughn's Business college in the latter city and then took the examination for civil service. She procured a position in Washington during the war work and has been there ever since.

Mrs. Colton was in Vernon visiting her mother for four weeks this summer. She left here for Washington only about ten days prior to her marriage.

M. S. Swinburn, trustee for Tolbert schools, was in Vernon Thursday on business. Tolbert schools will commence next Monday.

MISS KATHLEEN MASSIE IS MARRIED AUGUST 31st

Miss Kathleen Massie, daughter of Mr. and Mrs. Lee John Massie formerly of this city, was married to Forrest Milton Christensen on August thirty-first in Moravia, California, according to announcements received by some of her Vernon friends recently. She and her husband will make their home in Pasadena, the announcement stated.

Mrs. Christensen was born in Vernon but her father, who was one of the pioneer settlers of this community, moved with his family to California several years ago. He still has many business interests in the county, however, and visits here frequently. His daughter attended school in Texas last year and visited in Vernon during her stay in the state.

APPLICATION BLANKS ARE HERE

L. A. Hollar, county superintendent of schools, announces that the blanks for making application for state aid are now in his office, and he urges that all school trustees get them as soon as possible. October 15th is the limit for filing the applications with the officials in Austin, and unless claims are made by that time it is very likely that the schools who are late will get no state aid.

GREAT WESTERN CIRCULATOR

GREAT WESTERN Circulator

The Heat Giant of the West

There has never been a greater heater, one that gets so much out of the fuel, than the GREAT WESTERN CIRCULATOR.

One of the greatest improvements in stove construction made in recent years is the device for circulating the air so that all of the room where the stove is located, and even at adjoining room, will be uniformly heated.

This is accomplished by means of a supplementary flue which receives the cold air from near the floor, conducts it upward in contact with heated surfaces, thence carries it within the body of the stove over the fire, and finally discharges it, thoroughly heated, at the top.

While the principle is not new, the practice of making this flue of sufficient size to actually accomplish the purpose intended, is modern.

As applied to the "Great Western Circulator" the hot air is discharged through the ornamental Swing Cover.

If it is desired to heat the room above, remove the urn and a small section of swing cover and insert pipe to connect with register in floor of second story. Closing this register or damper in the air pipe will confine heat to the lower floor.

All of the desirable features of the Great Western Oak are also incorporated in the Great Western Circulator.

The heater is made of the best materials, and in the most workmanlike manner. It pays its way in what it saves, brings comfort into the home, and lasts year after year with the same satisfactory results.

ELECTION NOTICE

THE STATE OF TEXAS)
COUNTY OF WILBARGER)

TO THE RESIDENT PROPERTY
TAXPAYING VOTERS OF WIL-
BARGER COUNTY, TEXAS.

TAKE NOTICE that an election will be held on the 29th day of October, 1921, within Wilbarger County, Texas, to determine if said county shall issue bonds and if tax shall be levied in payment thereof in obedience to an election order entered by the Commissioners' Court on the 17th day of September, 1921, which is as follows:

ELECTION ORDER

THE STATE OF TEXAS)
COUNTY OF WILBARGER)

On this the 17th day of September, 1921, the Commissioners' Court of Wilbarger County, Texas, convened in regular session at the regular meeting place thereof in the Courthouse at Vernon, Texas, all members of the Court, to-wit:

E. L. McHugh, County Judge.
A. M. Bourland, Commissioner, Precinct 1.
A. O. McCaleb, Commissioner, Precinct No. 2.
J. S. Archer, Commissioner, Precinct No. 3.
J. M. Lutzell, Commissioner, Precinct No. 4.

being present came on to be heard and considered the petition of Jim A. White and 285 other persons, praying that an election be ordered in said County for the purpose of determining the following proposition:

Whether or not the bonds of said county shall be issued in the sum of \$600,000.00 for the purpose of the purchase of district roads and the further construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout such County, and whether or not a tax shall be levied upon the property of said county subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to the court that said petition is signed by not less than two hundred fifty (250) resident property taxpayers voters of the County; and

It further appearing that the amount of the bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Wilbarger County;

It further appearing that Road District No. 1 of Wilbarger County, Texas has heretofore issued road bonds under the provisions of Chap. 2, Title 18, Revised Statutes, 1911, as follows:

Date of bonds, December 10th, 1917 numbered consecutively from one (1) to two hundred ten (210), inclusive for the sum of \$500 each, aggregating \$105,000.00, payable at Vernon, Texas or at the Hanover National Bank, New York, N. Y., at the option of the holder and payable serially seven (7) bonds each year, beginning with the year 1918 and ending with the year 1947 and bearing interest at the rate of five per centum per annum, payable semi-annually on December and June 10th of each year—

and that bonds numbered from one to twenty one (21), inclusive, have been finally paid off thereby leaving outstanding against said Road District a bonded debt aggregating \$94,500.00.

IT IS THEREFORE CONSIDERED AND ORDERED BY THE COURT that an election be held in said County on the 29th day of October, 1921, which is not less than thirty (30) days from the date of this order, at which election the following proposition shall be submitted:

Whether or not the bonds of Wilbarger County, Texas, shall be issued by the Commissioners' Court for the sum of \$600,000 for the purpose of the purchase of district roads and the further construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout the County, as follows:

(1) Bonds aggregating \$94,500.00 to be issued for the purpose of the purchase of district roads in said County, having the same dates of maturity and bearing the same rate of interest as the bonds heretofore issued and now outstanding against Road District No. 1 of this County; and

(2) Bonds aggregating \$505,500.00 to be issued for the purpose of the further construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout the County, and maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed forty (40) years from date thereof, and bearing interest at the rate of five and one half per centum per annum.

Whether or not a tax shall be levied upon the property of said County subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The election shall be held under the

Financial Report of the City of Vernon, Texas.

Vernon, Texas, September 10, 1921.

To the Mayor and Board of Commissioners,

City of Vernon,

Vernon, Texas:

Gentlemen:

Complying with your request, I have audited the books of the City of Vernon for the period from September 1, 1920 to March 31, 1921 inclusive.

SCOPE OF AUDIT—All receipts and disbursements in all departments were checked in detail, and found to be properly vouched and correctly accounted for. The Treasurer's report was also verified and found to correspond with the books of the city. All bonds held by the city were personally inspected by me; these bonds being held and deposited in the vaults of the Farmers State Bank of Vernon, Texas, by the Treasurer.

CONCLUSION—The accounting methods employed are, in my opinion, adequate to meet the present needs of the city's affairs. The bookkeeping is being neatly and accurately executed.

Respectfully submitted,

E. C. CHRISTIAN,

Public Accountant

THE VERNON RECORD

Semi-Weekly—Tuesdays and Fridays

VOLUME 13.

VERNON, WILBARGER COUNTY, TEXAS, FRIDAY, SEPT. 30, 1921

NUMBER 75

COUNTY POULTRY RAISERS TO FORM AN ASSOCIATION

Meeting Will Be Conducted Wednesday Afternoon at 2 O'Clock and Election of Officers Held—Purpose of Organization To Stimulate Competition and Raise Standard of Chickens.

Local poultry fanciers, considering the time most opportune for their purpose, and realizing the need for concerted efforts from those raising chickens in the county, have set next Wednesday, October 5, as the date for organizing a Wilbarger Poultry Association. A meeting will be held at 2 p. m. at the court house, and officers elected for the ensuing year.

This move is instituted through the ever increasing interest in poultry manifested in this county, and it is estimated by many that the chicken industry in Wilbarger can be made incalculably more profitable. Advertising through the news columns of the Record alone is thought to have reached into the thousands of dollars. The success of local fanciers along these lines has been outlined from time to time.

Will Conduct Show.

One purpose of the poultry association will be to conduct a show here during the coming winter. This method of exhibition is considered one of the best means to stimulate interest in the industry.

A considerable number of county growers raise poultry of unusual quality, and many have won high awards at various fairs conducted over the state. All varieties of chickens are raised in Wilbarger, and conditions here appear admirably suited for the industry.

Emory Rhoads, a vice-president of the Farmers State Bank, and who raises White Leghorns, has won first, second, and third premiums at the Dallas Fair. Mr. Rhoads' efforts along that line are more to suit a fancy than to make a paying industry of the business, but his poultry is of exceptionally fine quality, and he himself believes, "There's not a finer flock of White Leghorns in the Southwest."

Obviate Borrowing

Mr. Rhoads cannot say enough concerning the profit in poultry raising. Those farmers owning good flocks, he says, are seldom applicants at the bank for loans, and the banker is of the opinion that there is no line on the farm that costs as little and yet yields such excellent returns.

Mr. Rhoads quotes numerous examples from other sections as illustrations of what the poultry industry has meant. Rowie county affords an excellent criterion to judge by. Thousands of dollars have been brought in through the raising of chickens alone. Plainview county affords another instance of a successful poultry industry.

Breeds Fine Chickens.

Adam Donges, Vernon grower, is enthusiastic over the formation of a poultry association. Such a move, he says, would encourage competition and thus raise the standard of local poultry. Mr. Donges raised Buff Orpingtons and is considered one of the leading fanciers in this section. His chickens have taken prizes at numerous fairs, and he has never shipped a pen or individual that he has not received a complimentary letter in return. He will exhibit at the Dallas Fair this year. Another Wilbarger county breeder of fine Buff Orpingtons is Henry Richie, living northwest of town.

"It can't be done in one day," is the comment of Mr. Donges, "this matter of raising the standard of our chickens. It requires a small outlay of money and yet yields great returns. I believe the farmers can easily make enough out of chickens to pay all expenses of traveling back and forth to town on various missions during the year."

"I am in favor of interesting the women and young people. They are inclined to take a more active interest in the matter. Chicken raising does not take much time and if a record book is kept I'll wager that it will show that the industry is one of the best paying propositions on the farm."

Many Fine Breeders.

Some of the best breeders in the county and the variety of chickens they raise are the following: S. D. Lawless, Oklaunion, Rhode Island Reds; T. A. Berry at Vernon, Rhode Island Reds; Jess Collins of Vernon, Rhode Island Reds; T. H. Chaney of

AMERICANS RELEASED FROM RUSSIAN SOVIET PRISON.

This is the first picture of the Americans whose release from prison the Soviet Government had to make before Hoover would consent even to talk famine relief. The picture was taken in Reval upon their arrival from Soviet territory. The men released are: John Flick, N. Kalamatino, Henry J. La Maro and W. B. Estes. They were taken in charge by the Red Cross immediately upon their arrival in Reval.

TEAM ON EDGE FOR TOMORROW'S GAME

FOOTBALL CONTEST WITH PADUCAH TO START AT FAIR-GROUNDS AT 4 O'CLOCK.

Vernon's football team is in excellent condition for its contest with Paducah tomorrow, according to Coach Morrow and some hard scrimmaging has been engaged in during the past week. The game will start at the fairgrounds tomorrow afternoon at 4 o'clock, and admission will be fifty cents.

Lafayette will be started at right half tomorrow afternoon, and this is the only change that will be made in the lineup. Smith, who suffered a wrenched ankle at Wichita Falls last Saturday, is still out of the playing.

The lineup for tomorrow will be as follows: Ferguson, L. E.; Thompson, L. T.; McCombs, L. G.; Blackwood, C. J.; Reed, R. G.; Collier, R. T.; Collier, R. E.; Bramblett, C. H.; Small, L. H.; Larimore, R. H.; Parr, F. B.

Tolbert, Rhode Island Reds, Frank Turley of Vernon route 4, Rhode Island Reds; D. W. May, Tolbert Rhode Island Reds; Walter Cagle, Vernon route 4, Rhode Island Reds; O. E. Sherman, Oklaunion, Rhode Island Reds; Adam Donges, Vernon, Buff Orpingtons; C. E. Doans, Black Langshans; J. P. Clements, Oklaunion, White Leghorns; Emory Rhoads, Vernon, White Leghorns.

S. D. Lawless, of Oklaunion, is conceded to have probably the best flock of Rhode Island Reds in the county, and has made the chicken business an industry on his farm. About 400 chickens are in his flock and he will exhibit his best ones at the Dallas Fair this year. Others of those named above, and still more mentioned, have exceptionally fine poultry, and will also exhibit at the fair this year.

Encourages Fine Poultry.

J. S. Swartwood, Vernon hardware dealer, is entitled to considerable more credit for encouraging the poultry raising industry in this county. Mr. Swartwood, about six years ago, kept careful tab on those in the state who had good chickens for sale, and from time to time made purchases of these fowls and put them on display in front of his store. They were sold to farmers over the county, and a foundation given for some good flocks. As evidence of the success of the project, Mr. Swartwood points to the fact that chickens are now being shipped out where formerly there were but few raised.

Jess Collins of Vernon is of the opinion that nothing stimulates the poultry industry like good shows. These the association intends to hold from time to time. He believes there will be a great amount of interest shown in the formation of a poultry association.

As concrete evidence of the extent to which the Wilbarger county poultry industry has grown is the statement of G. B. Zachry, manager of the

T. C. U. REJOICES AT GREEN'S RETURN

VERNON STUDENT EXPECTED TO ADD WORLD OF STRENGTH TO FOOTBALL LINE.

Football rosters at Texas Christian University are hilarious over the return to school of Aubrey ("Judge") Green, Vernon student, who has already made a record in athletics in that institution. The local gridiron was rior was evidently unable to withstand the lure of the pigskin when he witnessed his former teammates come to Vernon two weeks ago and work out before their trip to Amarillo. Following is a comment on Green from Fort Worth, where T. C. U. is located.

"Football stock at T. C. U. took quite a jump this week. Judge Green, star tackle on the victorious 'Frog' team of 1921 returned to school and donned the moleskins for one more season. Judge is a Vernon, Texas, boy, was captain of the track team for 1921, and is one of the most popular men who ever attended the Christian institution.

"When the thud of the pigskin was heard for the first time on 'Horned Frog' grid, and Judge was not there every one was sorely disappointed. For a better tackle never hit the old T. C. U. He was sorely missed in the stalwart line and the coaches were unable to replace him satisfactorily. With one of the hardest games of the season looming in view for Saturday of this week when T. C. U. meets the Simmons College 'Cowboys' at Abilene at the West Texas Fair, the return of Judge looks like a 'million dollars' to the T. C. U. coaches. Judge has been hard at work all summer and with hard training this week should be able to make the 'Cowboys' like it when they try his side of the line."

White Produce Co. here, that his concern has shipped out between January 1 and September 15 this year, 236,561 pounds of poultry, or equivalent to \$63,412.57. This represents nineteen full carloads. Moreover, the heaviest part of the season is still yet to come. Mr. Zachry says. Nearly 800,000 dozen eggs have been handled during this period as well.

Wilbarger county supplies the best of the produce the local company handles, the manager says, and his buying territory extends many miles in all directions from Vernon. Mr. Zachry points out that formerly farmers brought their chickens to town and hauled them back again for want of a market, while now the produce company would purchase ten carloads a day could that amount be obtained. The difficulty, says the manager, is in buying, not in selling.

Encourages Home Marketing

A poultry association, it is thought will stimulate the marketing of chickens within the county. In the eastern portion of Wilbarger, where some of the finest chickens are raised, a majority of the marketing is done in Electric.

TOLL BRIDGES ON RED RIVER PROVE DIVIDEND PAYERS

Investigation Shows That Structures Between Texas and Oklahoma Are Yielding Handsome Returns to Owners Even Though Not Very Far Apart—Local Promoters Encouraged.

As dividend toll producer across bridges across Red river seem to rack among such organizations as Standard Oil or Bethlehem Steel. This can be said in favor of the bridges—they are simple of operation. In fact, about all that seems necessary is to build the bridge and put a capable man in charge to collect tolls and see that repairs are made when necessary.

R. H. Coffee, president of the local chamber of commerce, and A. P. Peck of Peck and Hicknell, who are behind the proposition to erect the bridge between Vernon, Odell, and Altus, Oklahoma, recently made an investigation of the various bridges across the Red river, and according to official figures given them the Bears bridge has paid 30 per cent annually since it was built nine years ago, up to 1921. From January 1 to July 1, 1921, a dividend of 30 per cent was paid.

30 Per Cent Every 90 Days.

Fifty per cent per year has been the profit paid on the Burke bridge, and in addition thereto the structure was rebuilt once out of the earnings. This structure was built in 1913.

The Devol Bridge, constructed about a year ago, seems to have earned about 28 per cent. No dividend has been paid as yet. The bridge at Grandfield, constructed about a year and a half ago, has paid ten per cent every ninety days, and information is that from \$2,000 to \$3,000 have been placed in the surplus fund each time a dividend was declared.

The bridge at Bears and Burke are about twenty-eight miles apart, while crossing at Devol is about five miles from that at Burke, with Grandfield's bridge about seven miles from the structure at Devol.

The promoter of the Wilbarger county bridge are very much encouraged at the response being made in the matter of stock subscriptions. They hope, with in a short time, to have matter to a point where actual construction can start.

STUDY POULTRY AT OKLAUNION

Department This Year Being Particularly Stressed—Much Interest Is Being Shown.

Active interest is being shown by the students in the Oklaunion school in the poultry department of their institution which this year has been particularly stressed. W. M. Gourly, principal of the school, took a special course at A. and M. College the past summer, according to the home demonstration agent, and has been giving the students in his school the benefit of this extensive instruction.

Poultry culling of a flock of sixty chickens was conducted Saturday. The pupils displayed considerable aptness in this work.

According to the home demonstration agent, this work is of vital importance to the Oklaunion boys and girls. Profits from poultry raising are known to be considerable, and the young people are in this manner encouraged to proceed further along the lines of this industry.

Bob Ferrell Reported Better.

Mrs. Bob Ferrell, in a telephone conversation from Dallas this morning with her mother, Mrs. S. E. Lloyd, informed the latter that the operation thought necessary this week-end to remove the affected eye of her husband has been postponed, and there is a possibility that it will not be necessary. Prospects, according to Mrs. Ferrell are decidedly more encouraging, and not only is there the possibility that the other eye of Mr. Ferrell will not be affected, but the sights of both may be saved.

Old Folks Will Sing Sunday

Sidney Archer, prominent farmer, living north of Tolbert, and his class of singers will furnish music at the First Baptist tabernacle from 2 to 4 o'clock Sunday afternoon. The public is invited. These singings are held at frequent intervals and have attracted more than county-wide interest.

BABE RUTH AND "BANJO," TWO IMPORTANT YANKEES.

Here are Babe Ruth and Eddie ("Banjo") Bennett, mascot of the New York Yankees. Both are doing much to bring the Yankees home first in the pennant race. Eddie admits that Babe and the other players are doing great work, but insists that he should not be overlooked when the credit is handed out. Here is Eddie's record: 1919—Mascot of the Chicago White Sox, winners of the American League pennant. 1920—Mascot Brooklyn Dodgers, winners of the National League pennant. 1921—Mascot for the New York Yankees, probable winners of the American League pennant. Yes, sir; Eddie must be given credit. It's a record to be proud of.

Potentate Cline then announced the following appointments: Charles E. McCutchen, First Ceremonial Master; R. O. Harvey, Second Ceremonial Master; Albert Ellis, Director; Morris U. Lively, Alchemist; W. Y. Hammack, Captain of the Guard; Abe Marcus, Outer Guard; Nathaniel F. Grafton, Chaplain; Martin D. Rowe, Class Director.

Banquet For Nobility.

Mrs. Cutts and the visiting ladies were entertained at luncheon at the Golf Club, and Mr. Cutts and other visitors were entertained at luncheon at the Wichita Club. In the evening Mrs. Martin D. Rowe entertained honoring Mrs. Cutts and a banquet was held at the Kemp Hotel for the nobility. The day was concluded with an informal dance at Call Field, which was attended by 250 nobles and their ladies.

The next ceremonial session of Maskat Temple will be held Thanksgiving day, Thursday, November 24th, and plans are being made for the great ceremonial ever held in northwest Texas. A large class of nobles have already presented their petitions.

FIVE COUNTY GIRLS TO BE GUESTS AT FAIR

Five Wilbarger county girls will receive trips to the Fair at Dallas next month as reward for exhibits submitted at the county fair this fall. Six others will probably go to the fair and be provided with free room and board as recognition of their club work the past year.

Those who go to Dallas on awards made by local business firms are Miss Helen Ritchie, Wildcat—poultry; Miss Jimmie Whitel, East Vernon—poultry; Miss Ramal Butler, Oklaunion—home improvement; Miss Wynette Little, Harold—home improvement; Miss May Vaughn, Harold—canning.

Married By Judge Griffiths.

J. W. Parker of New York and Mrs. Belle Ethridge of Wichita Falls were married Thursday morning at 9:10 in the office of the county clerk. Justice of the peace T. J. Griffiths performed the ceremony. The couple will make their home in New York.

COURT TO HOLD SPECIAL SESSION

OVERCROWDED DOCKET CALLS FOR THREE WEEKS TERM IN NOVEMBER.

A special session of district court lasting three weeks will be conducted starting the second Monday in November. A heavily crowded civil docket has necessitated this course. Following are the cases recently disposed of:

Divorce in the case of A. A. Hicks vs. Helen Hicks was not granted. The case was in court September 17.

Divorce was granted in the case of F. M. Brown vs. Adeline Brown on the grounds of cruel treatment September 17.

J. C. Dibrell et al vs. J. W. Green et al, suing for a clear title to land east of Doans, were granted one-fourth interest in the land. Notice of appeal was given.

Suit brought by the Wilbarger Wire Rope Distributing Co., vs. Staley-Greene-McCarter for a debt resulted in judgment for the plaintiff.

Judgment for \$250 was allowed in the suit of J. Yule vs. C. W. Harvey et al. Suit was entered for \$3,000.

The case of R. S. Fritzchik vs. L. E. Key resulted in judgment for the plaintiff for the amount of the debt, \$1,903.80. Foreclosure was denied.

Chanault and Wheat were awarded judgment against Harry Collins, et al for the amount prayed.

Wylie Bennett and H. E. Rogers vs. B. P. Estes et al was set for the third day of the special session of district court to be begun the second week in November. This special session will be a three week's term.

Curtis Renfro vs. K. B. Box and E. T. Smith was awarded judgment and the relief prayed for. Stay of execution for ninety days was granted.

The case of Bowers Oil Co., vs. Peck and Hicknell was set for Monday of the third week of the special term of court.

Trials judgment was awarded Leo B. Slaughter et al in a case against the Mollie Oil and Gas Co. et al.

The case of J. R. Moore vs. D. E. Woods et al was dismissed at the plaintiff's costs.

The case of Frank Byrd vs. J. W. Whentley was dismissed at the plaintiff's costs.

Judgment for \$2,200 was awarded the plaintiff in the case of Vernon Daniel et al vs. The Automobile Insurance Co. of Hartford Conn. The plaintiff paid the costs in the case. Suit was brought for \$4,000, and was concerned with the burning of an automobile.

Will Operate Private Gymnasium

A group of former members of the Vernon Athletic Club have organized among themselves and will operate a private gymnasium for their own use. The athletic club is now defunct, but the quarters it formerly occupied will be used by the new association.

COUNTY JUDGE ASKS WILBARGER VOTERS TO STAND AS UNIT

E. L. McHugh Tells Rotary Club That More Money Must Be Provided for Good Roads Or Public Will Be Forced To Cut Down Travel—Says Highways Benefit All.

Calling for united action from the county in respect to the matter of good roads, and pointing out the necessity for hard surfaced highways along certain routes, Judge E. L. McHugh Tuesday laid before the Vernon Rotary Club his views on the proposed \$600,000 bond issue. He made it plain that the \$20,000 which is allowed Wilbarger county annually for road maintenance is entirely inadequate to meet its needs.

Judge McHugh stressed the fact that the public must choose whether or not it wants good roads, and declared that unless the people provide more money for this purpose, they must stop traveling. It was decided at the Rotary meeting to appoint a committee to invite representative citizens of Wilbarger county to meet with the Rotarians next Tuesday to discuss the project. Voters in favor of the \$600,000 bond issue will be called upon to rally around the standard of good roads at that time.

Wants County As Unit.

"This county should be a unit of roads," Judge McHugh said in beginning. "Roads are not a town matter; they are built for people who live out in the country to come to town. Roads are necessary where we propose to build them because the soil will not stand up as dirt roads."

"We propose to build concrete roads as follows: two and eight-tenth miles toward Chillicothe; two miles toward Oklaunion; one and one-half miles south to Paradise Creek; and one and two-tenths miles north toward Fargo."

"Fifty thousand dollars of the bond money will be set aside for the use of each of the four commissioners, making a total of \$200,000 for this work. This money will not be spent all at once; neither will a commissioner have the authority to spend it himself. It will be subject to the order of the commissioners' court."

Voters Must Be Fair.

"No two men can exactly agree on every point of a road program. Everybody must be fair. We must give and take. Everybody should vote for these roads because they benefit everybody. We should all like to see the highways paved from county line to county line, and the time is soon coming when it will have to be corrected, but that time is not yet."

"As for the tax increase, this bond issue will raise tax rate about 23 cents on the \$100 districts except number 1, the Oklaunion district, where they will be reduced a few cents. If the people want good roads they must pay for them. There will be no increase in taxes this year. The taxes will be levied on next year's valuation, but the people will have until January, 1923, to pay them."

A committee was appointed at the Rotary meeting to give Wilbarger voters the facts concerning the proposed bond issue. Another group was appointed to visit local business men for the purpose of raising \$100 to bring the Amarillo high school football team here to play the locals.

MARRIES OKLAHOMA GIRL.

Son of J. V. Ramsey of Vernon Weds Miss Thelma Smith of Enid.

Miss Thelma Smith of Enid Oklahoma and Randolph Ramsey were married at Enid Oklahoma, Monday at 8 o'clock after which they left for their honeymoon. Young Ramsey is a son of Mr. and Mrs. J. V. Ramsey, living one and one-half miles south of Vernon. He is 19 years old and has been employed as a bookkeeper for Smith's tailor shop. He attended the local schools of Vernon, until he went to Enid.

Miss Smith is a daughter of A. E. Smith of Enid. She is 17 years old. After graduating from Ward-Belmont College she went to Washington one year.

The young couple will make their home in Enid.

RETAIL MERCHANTS ADOPT BY-LAWS

PERMANENT ORGANIZATION EFFECTED AT MEETING LAST NIGHT.

Vernon's Retail Merchants Association was made into a permanent organization last night at a meeting conducted in the library building. By-laws were adopted and R. B. Sherill was elected secretary. Other officers are W. A. Lane, president, and Cy Long, vice-president.

This organization shall meet the second Thursday night of each month. Its object is not merely to protect merchants from those who are slow in paying their debts, but to assist those who are worthy of credit to receive the same. A card index of names will be kept by the association, and this can be referred to by the merchants desiring information. The association is a revival of a similar organization that existed several years ago.

Will Observe Mission Festival.

The St. Paul's Lutheran congregation will celebrate its annual mission festival. Out of town speakers will occupy the pulpit. Rev. L. Heinemeyer of Vernon, Route 2, will preach in the morning at 10:30 and Rev. W. Meyer of Grandfield, Okla., in the afternoon at 2 o'clock. Special collections will be raised at both services for the home mission fund of the Texas District.

Mrs. A. Allison Home From Hospital

Mrs. A. Allison is at her home on S. Wood street, after having been in a local sanitarium for several days this week. Her condition is much improved.

M'CARTER WILL BE CITY SECRETARY OF CHILLICOTHE.

E. L. McCarter has been elected by aldermen at Chillicothe to the place of city secretary of the Chamber of Commerce, and will assume his new duties tomorrow. Mr. McCarter was notified of his appointment the first of the week.

Previous experience in a similar line in Fort Worth will fit Mr. McCarter for the office he will fill in Hardeman county. He was for some time engaged in the oil well supply business in Vernon.

Broke His Vow.

"After trying all remedies and doctors for stomach trouble for eight long years I decided I would never take another dose of medicine, but when I saw what Mayr's Wonderful Remedy did for a friend, who also suffered from bloating as I did, I concluded to try it myself. It helped me at once." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince of money refunded.

WONDERFUL GAIN IN WEIGHT REPORTED

Young Woman Only Weighed 76 Pounds—Now Weighs Over 100 And Is Gaining Every Day.

"Before I began taking Tanlac I only weighed 76 pounds. I now weigh over one hundred and am gaining every day," said Miss Lafue Davis, of Chattanooga, Tenn.

"I bought my first bottle of Tanlac at Gas City, Ind., and it helped me so much that I continued using it. I have always been delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I fell off until I only weighed 76 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlac.

"Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlac is simply grand

and I can truthfully say it is the only medicine that has ever done me any good."

Tanlac is sold in Vernon by the Ferguson Drug Store, sold in Odell by R. J. Bolcher, sold in Harrold by the Wilson Drug Co. Sold everywhere.

Wanted.

Three or four copies of the city charter of Vernon, delivered to S. H. Hall. Will pay fifty cents for each of them.

Summer Feeding Pays

Eggs pay any time, but when other flocks fall off yours pay best. Feed plenty of protein now. Hens need it for eggs and for the coming moult. If they don't get enough, they will rob their body-tissues to get it. Then it will take twice the feed to get them back.

Keep Purina on the Job

It's rich in egg-making, body-building protein. Get a shorter moult and more winter eggs.

WHY NOT "AMERICA" DAY

The suggestion has been made that
no fitter way could be found to ob-
serve Armistice Day than to make it
"America" Day, this does not discount
the proposal to celebrate it as "Dis-
armament day." Without armament
the world would be rid of a most un-
bearable burden. It is needless to sug-
gest, however, that mere armament
will never rid us of strife. Loyalty
alone will do that.

There are yet dissatisfied elements
all over the United States—men and
women who have no thought of thank-
fulness in their hearts, and no desire
to help any one besides themselves.
call it Bolshevism, anarchy, or any
name you will—the fact remains that
the spirit of selfish unrest is striving
mightily to undermine the founda-
tions of American institutions.

Americans should welcome the un-
rest which strives for better things,
but there is no place in America for
anarchy in any phase. That is why we
need, as we have seldom needed be-
fore, rededication to the cause for
which our fathers died for in '76, and
for which our brothers gave up their
lives in the last great war.

NATURAL VARNISHES
AND ENAMELS

How many "Cinderellas"
are there in your home?

"Oh! I wish I could afford some new
furniture," many a woman sighs,
while some of the pretty things she
desires are right in her own home.
They are "Cinderellas"—shabby and
ugly to outward view, needing only the
"magic touch" of Mirrolac to change
them into things of beauty!

Look through your rooms and attic!
You'll be surprised to see how many
scarred old surfaces you can restore to
their original beauty with the lustrous
tones of Mirrolac. Easily applied, dura-

IF YOUR PARTNER DIED..

If your partner died tomorrow, to whom would you turn for really helpful financial aid?

Or, where could you ask such advice better than at a strong conservative bank hav-
ing your every interest at heart?

A bank is generally regarded simply as a money repository. If it performs the true
functions of a real bank it is more.

It will be a pleasure to tell you something about the particular banking service
that anticipates and meets your particular needs.

HOWARD BUILDING ON N. MAIN STREET ONE OF FINEST

Interior of Structure Just Completed Insures Comfort of Tenant—Three Shower Baths Installed—New Store Can Be Made to Serve Various Types of Businesses.

Interior work on the building on N. Main street owned by Dr. A. P. Howard has just been completed, and the structure is now ready for occupancy. It is one of four buildings across the street from the Vernon Record office, and can be readily distinguished by a bright enameled front. Inside and out the structure is one of the handsomest in the city, and suited for almost any type of merchandising.

Every effort has been made to insure the durability of the finishings, and the convenience of the occupant. A large plate glass front extends across the building, and a driveway has been extended to the front door. Precautions have been taken to make the Woodwork is enameled in white, and structure waterproof at every opening.

Attractively Decorated.

Inside the walls are eschimed alabastine, and are of a cream color. Woodwork is enameled in white, and blends in well with the walls and a blue moulding where walls and ceiling meet. A ballustrade, mahogany colored is suspended over the rear part of the store. An air and water line have been extended to the parking in front of the building in the event that a garage occupies the quarters.

In the rear of the store building a wash rack for automobiles or wagons has been fashioned, and a drain provided for this purpose. Cement paint impervious to water, has been put on the walls in this corner to prevent the plaster cracking. The entire floor is of concrete. A lavatory, equipped with shower bath, is also on the floor.

Back doors in the store building are of two and one-half inch white pine, and these, as well as the rest of the structure, are transmused with heavy prism glass. A specially designed threshold in the rear prevents water from flowing into the store from the alley.

Windows Heavily Screened

An ornamental metal ceiling has been installed, and a conduit system of electric wires supplied. Double wire screening is used on the windows. The second story of the building serves as an armory for the National Guards.

One of the most attractive features of the store is the balcony over the rear part. This space may be utilized in an attractive manner by practically any type of business, and is especially suited for ladies' rest room.

Four windows provide light for the balcony, and it is equipped with a well-appointed lavatory, also. Five and even seven coats of paint and enamel have been applied throughout the interior to insure maintaining the finish.

600 Bales Cotton At Odell

G. R. Jones of Odell and J. W. Mayo of Route 1, Chillicothe, were in Vernon Wednesday. According to Mr. Jones the Odell gins have handled 600 bales of cotton. Last year the first bale was ginned at that place September 27, he says. It is the opinion of these men that cotton is not yet half finished.

MISS BERTHA RIGGS WEDS

Daughter Of Mrs. H. E. Riggs Becomes Bride of Washington, D. C. Man—Was Here Recently.

Miss Bertha Riggs, daughter of Mr. H. E. Riggs of Vernon, was married to G. M. Colton of Washington, D. C., September 17 in Baltimore, according to word received by the bride's mother. The wedding took place at a Presbyterian parsonage in the latter city. The young couple will make their home in Washington where Mr. Colton is a music dealer.

Mrs. Colton was born and reared in Vernon and attended the local schools, having been valedictorian of her high school graduating class. She attended the State University at Austin one year and later was a student in the Denton Normal from which institution she received a teachers' certificate. After teaching in Memphis and in Amarillo she attended Draughn's Business college in the latter city and then took the examination for civil service. She procured a position in Washington during the war work and has been there ever since.

Mrs. Colton was in Vernon visiting her mother for four weeks this summer. She left here for Washington only about ten days prior to her marriage.

M. S. Swinburn, trustee for Tolbert schools, was in Vernon Thursday on business. Tolbert schools will commence next Monday.

MISS KATHLEEN MASSIE IS MARRIED AUGUST 31st

Miss Kathleen Massie, daughter of Mr. and Mrs. Lee John Massie formerly of this city, was married to Forrest Milton Christensen on August thirty-first in Moravia, California, according to announcements received by some of her Vernon friends recently. She and her husband will make their home in Pasadena, the announcement stated.

Mrs. Christensen was born in Vernon but her father, who was one of the pioneer settlers of this community, moved with his family to California several years ago. He still has many business interests in the county, however, and visits here frequently. His daughter attended school in Texas last year and visited in Vernon during her stay in the state.

GREAT WESTERN CIRCULATOR

GREAT WESTERN Circulator

The Heat Giant of the West

There has never been a greater heater, one that gets so much out of the fuel, than the GREAT WESTERN CIRCULATOR.

One of the greatest improvements in stove construction made in recent years is the device for circulating the air so that all of the room where the stove is located, and even at adjoining room, will be uniformly heated.

This is accomplished by means of a supplementary flue which receives the cold air from near the floor, conducts it upward in contact with heated surfaces, thence carries it within the body of the stove over the fire, and finally discharges it, thoroughly heated, at the top.

While the principle is not new, the practice of making this flue of sufficient size to actually accomplish the purpose intended, is modern.

As applied to the "Great Western Circulator" the hot air is discharged through the ornamental Swing Cover.

If it is desired to heat the room above, remove the urn and a small section of swing cover and insert pipe to connect with register in floor of second story. Closing this register or damper in the air pipe will confine the heat to the lower floor.

All of the desirable features of the Great Western Oak are also incorporated in the Great Western Circulator.

The heater is made of the best materials, and in the most workmanlike manner. It pays its way in what it saves, brings comfort into the home, and lasts year after year with the same satisfactory results.

Expects To Get Half Bale

Jo W. Huntley of Route 2 expects to get a half bale of cotton to an acre on his land. Mr. Huntley was in Vernon yesterday with some cotton. He has picked seven bales this fall. It is Mr. Mr. Huntley's belief that not half of the cotton on Route 2 has been picked.

APPLICATION BLANKS ARE HERE

L. A. Hollar, county superintendent of schools, announces that the blanks for making application for state aid are now in his office, and he urges that all school trustees get them as soon as possible. October 15th is the limit for filing the applications with the officials in Austin, and unless claims are made by that time it is very likely that the schools who are late will get no state aid.

ELECTION NOTICE

THE STATE OF TEXAS)
COUNTY OF WILBARGER)
TO THE RESIDENT PROPERTY
TAXPAYING VOTERS OF WIL-
BARGER COUNTY, TEXAS.

TAKE NOTICE that an election will be held on the 23rd day of October, 1921, within Wilbarger County, Texas, to determine if said county shall issue bonds and if tax shall be levied in payment thereof in obedience to an election order entered by the Commissioners' Court on the 17th day of September, 1921, which is as follows:

ELECTION ORDER

THE STATE OF TEXAS)
COUNTY OF WILBARGER)

On this the 17th day of September, 1921, the Commissioners' Court of Wilbarger County, Texas, convened in regular session at the regular meeting place thereof in the Courthouse at Vernon, Texas, all members of the Court, to-wit:

E. L. McHugh, County Judge.
A. M. Boardman, Commissioner, Precinct 1.

A. O. McCaleb, Commissioner, Precinct 2.
J. S. Archer, Commissioner, Precinct No. 3.

J. M. Luttrell, Commissioner, Precinct No. 4.

being present came on to be heard and considered the petition of Jim A. White and 285 other persons, praying that an election be ordered in said County for the purpose of determining the following proposition:

Whether or not the bonds of said county shall be issued in the sum of \$600,000.00 for the purpose of the purchase of district roads and the further construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout such County, and whether or not a tax shall be levied upon the property of said county subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to the court that said petition is signed by not less than two hundred fifty (250) resident property taxpayers voters of the County; and

It further appearing that the amount of the bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Wilbarger County;

It further appearing that Road District No. 1 of Wilbarger County, Texas, has heretofore issued road bonds under the provisions of Chap. 2, Title 18, Revised Statutes, 1911 as follows:

Date of bonds, December 10th, 1917 numbered consecutively from one (1) to two hundred ten (210), inclusive for the sum of \$500 each, aggregating \$105,000.00, payable at Vernon, Texas, or at the Hanover National Bank, New York, N. Y., at the option of the holder and payable serially seven (7) bonds each year, beginning with the year 1918 and ending with the year 1924 and bearing interest at the rate of five per centum per annum, payable semi-annually on December and June 10th of each year; and that bonds numbered from one to twenty one (21), inclusive, have been finally paid off thereby leaving on standing against said Road District a bonded debt aggregating \$84,500.00.

IT IS THEREFORE CONSIDERED AND ORDERED BY THE COURT that an election be held in said County on the 29th day of October, 1921, which is not less than thirty (30) days from the date of this order, at which election the following proposition shall be submitted:

Whether or not the bonds of Wilbarger County, Texas, shall be issued by the Commissioners' Court for the sum of \$600,000 for the purpose of the purchase of district roads and the further construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout the County as follows:

(1) Bonds aggregating \$84,000.00 to be issued for the purpose of the purchase of district roads in said County, having the same dates of maturity and bearing the same rate of interest as the bonds heretofore issued and now outstanding against Road District No. 1 of this County; and

(2) Bonds aggregating \$505,000.00 to be issued for the purpose of the further construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout the County, and maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed forty (40) years from date thereof, and bearing interest at the rate of five and one half per centum per annum; and

Whether or not a tax shall be levied upon the property of said County subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The election shall be held under the

Financial Report of the City of Vernon, Texas.

Vernon, Texas, September 10, 1921.

To the Mayor and Board of Commissioners,

City of Vernon,

Vernon, Texas.

Gentlemen:

Complying with your request, I have audited the books of the City of Vernon for the period from September 1, 1920 to March 31, 1921 inclusive.

SCOPE OF AUDIT—All receipts and disbursements in all departments were checked in detail, and found to be properly vouchered and correctly accounted for. The Treasurer's report was also verified and found to correspond with the books of the city. All bonds held by the city were personally inspected by me; these bonds being held and deposited in the vaults of the Farmers State Bank of Vernon, Texas, by the Treasurer.

CONCLUSION—The accounting methods employed, are, in my opinion, adequate to meet the present needs of the city's affairs. The bookkeeping is being neatly and accurately executed.

Respectfully submitted,

E. C. CHRISTIAN,

Public Accountant.

Remembrance In Business

It does a man's heart good to discover that this is a far better and kinder business world than he had thought it could be. He fairly radiates warm gratitude and good will.

Friendliness is a priceless quality in Business, a constant urge which makes sales more quickly and more surely than
